Subject: Please do not threaten local jobs

Hi, I seldom write public officials but I am today because I believe in clean rivers.

If this EPA plans goes forward with a big price tag, our small companies that work on the river will never be able to afford the bills you will send them. We're asking that you please consider what the impacts on the environment but also on employers and taxpayers.

Please do whatever you can to support the river and our health but also to make sure our jobs don't go away.

Sincerely,
